Government Events / News – MOT & ICA

Farewell Dinner for Former Minister of Transport: Mr Lui Tuck Yew

He had been described as an unassuming, dedicated, fast worker and hands on person by whom he had worked very closely with. In a public eye, one can often see him making his rounds at bus stops, MRT stations to feel the ground while on official duty. Not only that, he was also seen putting up banners by the road despite after his retirement from politics. Indeed, he is such a committed individual, who serves with a big heart. HE is Mr Lui Tuck Yew, our ex Transport Minister.

It thus came as no surprise that a Ministry of Transport (MOT) Family Appreciation Dinner, jointly supported by Civil Aviation Authority of Singapore (CAAS), Land Transport Authority (LTA), Maritime and Port Authority of Singapore (MPA) and Public Transport Council was organized for Mr Lui Teck Yew and Associate Professor Muhammad Faishal Ibrahim for their great contributions towards transport. Both SAAA Chairman, Mr Steven Lee and Executive Director, Ms Pauline Tok were honored to be invited to attend this fitting personal tribute event.

It was an emotional evening when Mr Lui bade farewell to his team for their great support and most importantly, thanking his wife and family, whom had been supporting him all these years. It was indeed heartfelt recognition for people who mattered to him. We were also certain that his advice of “Dictatorship out, Empower staff” certainly left a deep impression in many industry leaders’ minds. Thank you, Mr Lui and wishing you success in your future endeavors!

Appointment of Domain Commander (Air) Ceremony

On 1 October 2015, the Appointment of Domain Commander (Air) Ceremony was held at the Changi Airport Group Multi-Purpose Hall.

The ceremony, graced by Guest-of-Honour Mr Clarence Yeo, was where Senior Assistant Commissioner of Police (SAC) Zuraidah Abdullah was seconded to the Immigration & Checkpoints Authority (ICA) and appointed as Domain Commander (Air) of the ICC with effect from 1 October 2015.

As the Domain Commander (Air) of the ICC, SAC Zuraidah Abdullah will oversee all operations at the Airport and Air Cargo Commands, including all existing Home Team’s (HT) operations at the five air checkpoints.

Government Events / News – CAAS, Health Science Authority

A bright sunny morning – the perfect time for a run. On November 14, Civil Aviation Authority of Singapore (CAAS) organized the fourth Aviation run to bring together close to 5,000 of the Singapore Aviation Community at the Sports Hub.

The running event allowed runners to show their support to the less fortunate and has since raised \$250,000 for the Community Chest.

PROHIBITION ON IMPORT, DISTRIBUTION, SALE OR OFFER FOR SALE OF EMERGING TOBACCO PRODUCTS

The Ministry of Health (MOH) is banning emerging tobacco products as a pre-emptive measure to protect public health against the known and potential harms of such products. This will be done via the Prohibited Tobacco Products Regulations under Section 15 of the Tobacco (Control of Advertisements and Sale) Act (Chapter 309).

With effect from **15 December 2015**, it will be an offence under the Tobacco (Control of Advertisements and Sale) (Prohibited Tobacco Products) Regulations 2015 to import, distribute, sell or offer for sale the below emerging tobacco products:

- a) Smokeless cigars, smokeless cigarillos or smokeless cigarettes;
- b) Dissolvable tobacco or nicotine*;
- c) Any product containing nicotine or tobacco that may be used topically for application, by implant or injected into any parts of the body*; &
- d) Any solution or substance, of which tobacco or nicotine is a constituent, that is intended to be used with an electronic nicotine delivery system or a vaporizer (commonly referred to as e-cigarettes.)

Companies may contact the Tobacco Regulation Branch of the Health Sciences Authority (HSA) at 6684 2036/2037/2045 during office hours (Monday to Friday, 9:00am – 5:30pm) should they have any information on such illegal activities or if they require any clarifications.

Smokeless Cigarettes

Nicotine Tablets

Tobacco/Nicotine Gel

E-liquid

* Note: The ban excludes any tobacco-containing product, tobacco derivative or medicinal product registered under the Medicines Act

Support For National Service At The Workplace

Operationally ready national servicemen (NSmen) make up 30% of the 12,000 SATS Ltd staff in Singapore. The company has implemented certain practices to help them manage both their work and NS commitments. For going the extra mile, SATS was conferred the Total Defence Awards – awarded to individuals, businesses or organisations for their exemplary support towards total defence, and in particular, NS.

Mr Wong Hong, Executive Vice President, Food Solutions of SATS Ltd, receiving the Total Defence Awards from GOH Mr Lui Tuck Yew in July 2015

SATS supports their NSmen employees in their duties because a strong defence force and national security are important for a stable business environment, explains SATS Senior Vice President of Human Capital, Ms Lilian Tan. She says, "We see it as our responsibility to help them manage both their work and NS commitments well."

SATS currently has roster planning for shift work, to ensure that those who complete their In-Camp Training (ICT) have sufficient rest before returning to work. Employees who have completed at least two full years of NS are also entitled to an additional monthly allowance of S\$200. In addition, SATS has a workplace health programme, which includes fitness classes and health coaching to encourage employees to stay fit and lead a healthy lifestyle.

Ms Tan has observed that these practices have nurtured a sense of shared responsibility among staff, including non-NS employees. She adds, "Teamwork is also strengthened in the process with everyone working together to manage the workload in their colleague's absence".

Head of Client Relations of SATS Catering, Mr Mark Brown, feels that such support is important for NSmen. "My colleagues have been very reassuring and this allows me to focus on my ICT knowing that my work load is in good hands", he says.

It has also been observed that these practices have given the company an edge in attracting and retaining talent. "Both existing and potential employees will see it as an added incentive to consider SATS as their employer of choice," added Ms Tan.

Ms Tan encourages other companies to similarly show support for NS, believing that it is "imperative for companies to support their NS employees in fulfilling their duties".

Total Defence Awards (TDA) recognises businesses and organisations which advocate National Service and support our NSmen. To find out more and participate in TDA 2016, please visit www.accord.gov.sg.

SAAA SG50 Charity Golf 2015: A Day of Fun, Laughter & Joy

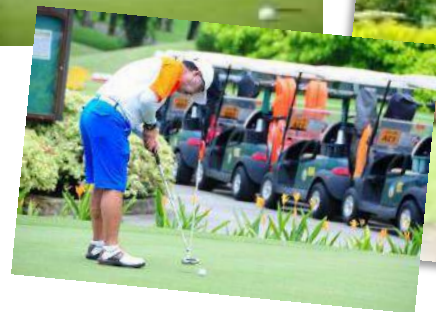

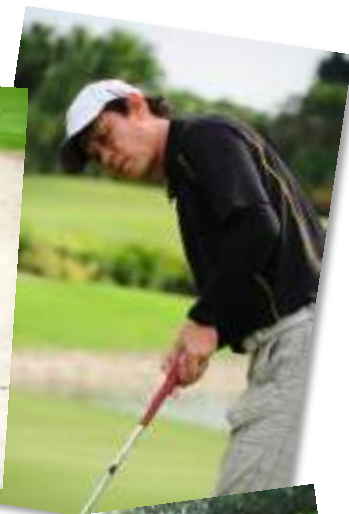

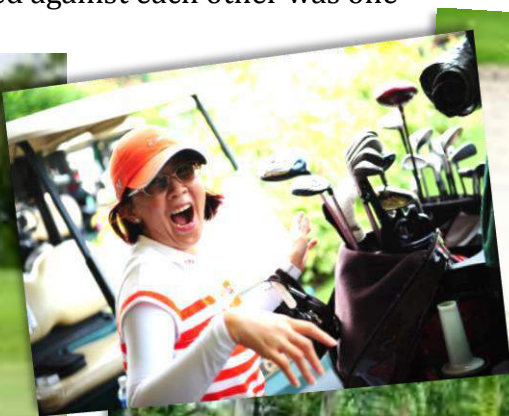

SAAA SG50 CHARITY GOLF 2015

Luck was on our side when the Haze PSI readings were low – certainly a perfect day for the players to challenge one another at Golf! We had full attendance of over 140 players meeting together and setting out to achieve two goals – have fun and plenty of good laughs.

Out on the golf course, the competitive spirit with which they rivalled against each other was one

that simultaneously encouraged all to a better game. From flight to flight, one could see the easy camaraderie that everyone shared. Of course, each took every swing as seriously as competitive golf demands. Yet, no one ever forgot the fun and fellowship that the game brings when they jested among themselves and posed for the camera.

A Night of Cheers, Eating and Drinking

As night approaches, everyone was set for an exuberant evening filled with food and drinks. There were continuous peals of laughter erupting from the audience for the humorous speech delivered, as well as the candid shots flashed on the screen. SAAA announced on having raised \$120,000 for this SG50 Charity Golf event. Then, came the results that everyone was anticipating: *Who won the Championship for Division A and B?* Faring well despite stiff competition, Mr David Ng and Mrs Catherine Khoo emerged champions with a score of 37 points and 36 points OCB respectively.

Congratulations to the winners!

Guangzhou Municipal Commission of Commerce Visit

Guangzhou Municipal Commission of Commerce Visit

On 5th November 2015, twenty delegates from the Guangzhou Municipal Commission of Commerce visited the Changi Airfreight Centre. The objective of their visit was to learn and understand about air cargo business development in Singapore, logistics and transport services, cooperation between port and shipping logistics, as well as trade and business with Chinese enterprises, especially Guangzhou City. The visit to the Changi Air Freight Centre has also involved meetings with CAG, SATS and DNATA.

SAAA@Singapore Members' Updates

Coolchain is dnata's dedicated perishable handling center, built to manage your perishable cargo that passes through Singapore Changi Airport. The facility has designated product holding rooms for loose and intact cargo, dedicated build-up and break down stations, and chilled and frozen storage for handling cargo such as fresh fruit, meat and pharmaceuticals. Opened in August 2013, Coolchain is a S\$4 million investment by dnata to ensure that your perishables get to their destination as fresh as the day you ship them and in the shortest time possible. The centre will increase Singapore Changi Airport's perishable handling capacity by 75,000 tonnes annually.

Speed, reliability and controlled conditions have made air cargo the preferred mode of transport for perishables and we understand that the special nature of perishables calls for special attention to be paid to packaging, handling and the transportation process.

The 1,400 square meters centre is equipped with the latest cold storage technologies and designed to handle and process a wide range of products. Modular cold storage areas, each with its dedicated climate control capability adjusted to freezing minus 25°C or cold room conditions of 0 to 25°C, ensure that your products are kept at their optimum condition. A web-based monitoring system facilitates real-time management of all areas, and provides a one-stop audit trail essential to assuring the quality of product handling.

Photo Credit : Yusen Logistics at Oishii Japan exhibition, held in Suntec Singapore Convention & Exhibition Centre

Oishii Japan's recommended freight forwarder at ASEAN's largest dedicated showcase for Japanese Food & Beverage

10 Years of Experience in Building and Delivering Cold Chain Solutions, Yusen Logistics delivered approximately 500 products across ambient, cool and frozen temperature needs, 80 exhibitors across various Japanese prefectures right to respective booths

Food Logistics Technology:

Vacuum Insulated Panel Box (VIP) & Controlled Atmosphere (CA) Container

The VIP box, a foldable cooler box made from thin, lightweight and heat insulation material, keeps products cool for international forwarding and domestic trucking. With the support of one of our clients, we shipped their fresh produce from Japan into Singapore using the VIP box, which doubled up as a cool storage box at our booth for demonstration. From temperature controlled warehousing and distribution to value added services and supply chain visibility, Yusen will continue to provide fast, reliable dynamic supply chain solutions with our network of food logistics specialists in this highly demanding Food and beverage sector.

The CA container enables the transportation of fresh produce over distances to international markets beyond their local and regional areas. This is achieved by tailoring the atmospheric conditions within the container to slow down the ripening process of fresh fruits and vegetables, since they continue to respire during transportation. This technology creates new opportunities for the food producers as they are able to extend their outreach to meet the demands of consumers in farther geographical regions.

SAAA@Singapore Industry Updates (Past Events)

25th AFFA – Annual Conference

19th – 20th November 2015

The 25th ASEAN Federation of Forwarders Association (AFFA) Annual Conference was convened at the Landmark Hotel, Vientiane Capital / Laos PDR, hosted by Lao Freight Forwarders Association (LIFFA) with the apt theme – “Reaching to the AEC 2015”.

It was a good learning exchange platform where 11 logistics associations within Asia Pacific gathered together to share and update on the latest developments within their respective countries, be it trade and industry, training and development or associations structures. SAAA@Singapore was represented by Mr Alec Koh and Mr Richard Tan.

SAAA Focus Group Discussions

on 22nd Sept 2015

This focus group discussion was SAAA's first attempt of brainstorming session to reach out to our community on industry matters. Objective was that we would like to hear from our community on what kind of industry collaborative projects that association can possibly undertake to lead, with support of govt funding, to ease our industry pain points and increase productivity. Overall, it was a good session, attended by over 30 participants.

Petrol and Diesel Volume Consolidation Savings with Shell

A joint partnership collaboration, between SAAA@Singapore and Singapore Transport Association (STA) on 15th October.

Members can get to enjoy 14% petrol and 18% diesel discounts off prevailing fuel rates when signed up on the program with SAAA@Singapore.

This collaboration is an ongoing program and we urge all members to seize this opportunity of cost savings and do contact SAAA@Singapore at 65454620 for more information.

SIAA (Asian Robotics Week)

Asian Robotics Week 2015 (12-13th Nov), organized by Singapore Industrial Automation Association (SIAA) is the only cross industry platform in Singapore dedicated to the innovation and adoption of Robotics Technology.

For the opening address, Guest of Honour, Minister Chan Chun Sing, Prime Minister's Office, Secretary General, National Trade Union Congress shared his invaluable insights on the three myths of robots adoption. In ending, companies were urged to prepare, not for the present, but for the Future. To ride on the technology wave to rise against global competition. This 2 day exhibition and 1 day symposium was thus officially opened on 12th- 13th November 2015 at Marina Bay Sands. It was a honor for SAAA Chairman and Executive Director to be invited to this opening ceremony to understand the importance of Robotics adoption leading to increased productivity, lower operating costs and improvement to the overall quality of skillsets, knowledge & efficiency.

*Though nothing can bring back the hour
of splendor in the grass,
of glory in the flower,
We will grieve not,
rather find strength in what remains behind.*

- William Wordsworth
