Dear Members,

Fee Revision of Dangerous Goods Regulations Courses

Thank you for your support over the past years, we are sincerely appreciative of your support and trust in our training courses. Throughout these years, SAAA has continually invested in quality of teaching staff, teaching materials and more importantly, a conducive learning environment. With your support, our training centre is able to achieve a consistent high passing rate for our students at these Dangerous Goods Courses.

We are thankful that we are able to serve our community well and provide this ease of convenience of having training within Changi Airfreight Centre. Unfortunately, it has come to a stage where we can no more avoid the growing expenses and need to make some changes to our pricing structure. Our last fee increase for our courses was on 2012, a good five years where SAAA has managed to hold the pricing intact, despite inflationary pressures.

Below are the revised fees revisions on our DGR Courses, which will take effect from 1 September 2017. Kindly note that the appended fees are before 7% GST. We would like to assure you that we would have never compromised the quality of our training, even in the hardest of times. We endeavour to keep going with the agenda of consistently good quality and for that, an increase in price is an apparent necessity.
